Living in Australia

Australia

Australia is an ethnic melting pot. It is a country known for its world-famous natural wonders, diverse landscapes and a vibrant multicultural society that practices almost every religion and lifestyle. Since 1945, more than six million people from across the world have come to Australia to live.

There are 226 languages spoken in Australia – after English, the most popular are Italian, Greek, Cantonese and Arabic. The island continent is almost as big as the USA but has a population of approximately only 25 million people (most of who live within 50 kilometres of the coast). Australia's coastline stretches almost 50,000 kilometres and has more beaches (over 10,000) than any other country. Inland, there are vast areas of semi-arid and desert areas.

All major cities, and the nation's capital, offer exciting lifestyles, great cultural attractions, and a safe quality of life.

Multiculturalism

More than 100 ethnic groups are represented in Australia, making it one of the most culturally diverse countries in the world. Australia's dynamic multiculturalism can be attributed to its unique

combination of indigenous cultures, early European settlement and immigration from all parts of the world.

Australians value the wealth of cultural diversity and social sophistication that international students bring to our campus and communities. TEDI takes great care in looking after international students and helping them to adjust to the Australian way of life. International students also gain great benefits from their education in Australia and make lifelong friendships.

Language

Although English is the official language, more than 4 million Australians speak a language other than English, more than 800,000 speak an Asian language, the most common being Mandarin, followed by Cantonese and Vietnamese, and another 800,000 speak a European Union language. English, as it is spoken in Australia, is easily understood by nearly all people from other English-speaking nations. As you improve your English, you will learn some of Australia's colourful and often humorous slangs, and have fun explaining the meanings to friends and relatives.

Religion

Australia is predominantly a Christian country however; all religions are represented. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples, Gurudwara and synagogues are located in most major cities.

Healthcare

Australia has a very good healthcare system. All Australians pay a medicare levy (additional tax) to fund the public health system to ensure that everyone has access to public-system doctors, hospitals and other healthcare services. People who pay extra into private health insurance funds receive extra privileges when using private healthcare services. You will find the usual healthcare services available in Australian suburbs including GPs (doctors), dentists, osteopaths, chiropractors, psychologists, counsellors and many complementary healthcare practitioners too (traditional Chinese medicine, naturopathy, acupuncture, kinesiology, etc.).

International students studying in Australia are required to have Overseas Student Health Cover (OSHC) for the duration of their student visa (refer to student visa obligations, in this section).

Food

Australia has a fantastic variety of food. Its top-quality meat, fish, fruits and vegetables are exported to markets worldwide. There is a large range of fruit and vegetables available at Australian produce markets.

Students should have no difficulty finding the foods that they are used to at home. Students can have almost every type of cuisine in Australia's many restaurants and cafés. Ethnic restaurants offer cuisines from all around the world. Good food at reasonable prices can be found at bistros, cafés and Aussie pubs. For those who like takeaway, most of the major global fast food chains are well represented.

Sports and recreation

Australians are very keen on sports and outdoor activities and have gained a worldwide reputation

as tough competitors in individual and team sporting events. Australia has more than 800 national sporting organisations and thousands of state and regional sporting bodies. Australians are also enthusiastic about bushwalking, fishing, boating and water sports.

Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines.

Driving

Tourist students may drive in Australia on a valid overseas driver's license, but if the document is not in English, visitor must carry a translation with the permit. An international driver's license alone is not sufficient. Different states in Australia have different driving licence conditions.

For example, as per the new regulations, in state Victoria (includes Melbourne), International students can use their overseas licence for the first six months of living in Victoria (after that, students will need Victorian licence instead). This rule has been applicable from 29th October 2019. Hence, Students need to have Victorian licence to be able to drive in Victoria.

Taxis

Metered taxicabs operate in all major cities and towns. Students can find taxi ranks at transport terminals, main hotels or shopping centres or can hail taxis in the street. A light and sign on the roof indicate if a taxi is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. You do not need to tip taxi drivers.

Uber

Uber services are also available at the airport and there is a designated pick up place available outside the airport for Uber customers.

Telephones and Wi-Fi connections

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Overseas calls can be made over the internet data which also includes video calling.

Internet data: Free Wi-Fi, non-connections (paid) are available at majority of the places in and around Melbourne.

Airport, few shopping malls have free Wi-Fi available. Most of the shared accommodations have Wi-Fi services available through which the students can make overseas phone calls, video calls.

Students can avail pre-paid and/or post-paid Sims depending upon their suitability and requirements of the students. Lowest pre-paid Sims and plan costs around 12\$-15\$. The cost of pre-paid and post-paid plan keeps increasing as per your requirements, for example, more internet data and overseas calling minutes may cost you more than the plan with less internet and overseas calling minutes.

However, there are many providers like Vodafone which give student discounts.

Budgeting

Students should work out a budget that covers accommodation, food, transport, clothing and entertainment. Childcare, if applicable, should also be taken into account. For more information on living in Australia, costs, visit www.studyinaustralia.gov.au.

Travel

During the term breaks, students may like to venture beyond Melbourne to experience more of Australia's spectacular natural environment and great physical beauty, such as great ocean road, marine parks and national parks (The Great Barrier Reef, Kakadu, and Uluru), the Queensland rainforests and the pristine country side and mountains of Tasmania. Student and backpacker travel agents in metropolitan cities offer cheap flights and package deals.

Money and banks

Australian currency is the only legal tender in Australia. When students first arrive, money from other countries can be changed at the exchange facilities located at international airports, banks and major hotels. Travellers' cheques are easier to use if already in Australian dollars, however, banks will cash travellers' cheques virtually in any currency. Major hotels and some shops, depending on individual store policy may also cash travellers' cheques.

It is a good idea to set up an Australian bank account. You will need to provide visa details and evidence of residency. Banking services in Australia are extremely competitive. All major banks have branches in cities and regional centres. Major Banks include ANZ, Westpac, National Bank, Commonwealth Bank. Community banks, like Bendigo Bank are a popular alternative. Most shopping centres have Automatic Teller Machines (ATM) facilities. These machines can be used for deposits and, in many instances, withdrawals 24-hours-a-day. Many department stores, supermarkets and specialist shops have electronic transfer terminals (EFTPOS) where cash withdrawals can also be made in addition to purchasing goods.

More information on banking is available at www.studyinaustralia.gov.au. Normal bank trading hours are from Monday to Thursday - 9.30 am – 4.00 pm, Friday - 9.30 am – 5.00 pm and some banks are open Saturday mornings. The timings may vary.

Credit Cards

Credit cards are widely accepted around Australia. The most commonly accepted credit cards are Visa and MasterCard.

Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50 and \$100. Coins used are the silver-coloured 5 cent, 10 cent, 20 cent and 50 cent coins and the gold-coloured \$1 and \$2 coins.

Tipping

Tipping is not the general custom in Australia and service charges are not added to accounts by hotels and restaurants.

Finding Accommodation

The following types of accommodation are available for international students.

Home Stay

This option is an opportunity for students to live in a private home, with a local family, couple or single person and learn about Australian life. You may need to compromise with living arrangements as you will need to fit in with the household's routines and expectations. You will need to think about the things that are important to you. You may need to ask about how adaptable meal times are in relation to your studies and other commitments. There are different types of home stay arrangements:

Cost: \$235 to \$325 per week

Full Board

Usually includes a furnished room (bed, desk, lamp, and wardrobe), three meals per day and bills (electricity, gas and water, but not telephone and internet). Some home stay providers may even do your laundry.

Cost: A\$110.00 - A\$270.00 per week

Half Board

Usually includes a furnished room (bed, desk, lamp, and wardrobe) and bills (electricity, gas and water, but not telephone and internet). You can use the cooking and laundry facilities in the house.

Cost: A\$ 80.00 - A\$ 100.00 per week

Lease/Rent

Renting an apartment or house is done through a real estate agent. You must sign a contract called "lease" to rent the house, either month-by-month, or sometimes a 6-month, 12-month or 2-year lease is required. The lease entitles you to private use of the property for the duration of the lease. The advantage of this is privacy and independence.

You must pay a bond (the equivalent of one month's rent, to cover any damage you may do to the premises).

You are responsible for paying all bills (except council rates), maintenance of the property and providing all your own furniture and household items.

If you choose a house or apartment in a popular area, there will be much competition. The real estate agent selects the tenants who they believe are the most stable and able to meet the requirements of the lease.

Cost (shared accommodation): A\$185.00 - A\$440.00 per week (unfurnished)

Students must read this handbook carefully in full before making an application. Students are encouraged to contact TEDI and talk to one of our friendly, informed staff members if they are unsure about any information included in this or have any questions.

Students must complete the student's application form and Pre-Training Review form (provided with the application form) and send the completed forms along with all the relevant documents and the Application fee to TEDI. You can also submit your application through one of our authorised agents. A list of approved agents can be found on our website www.tedi.vic.edu.au.

course to achieve their intended outcomes.

Applicants are required to fill up the PTR form along with the application form and answer all the questions in a true and correct manner. Any competencies previously acquired will be identified during PTR and the most appropriate qualification for that student to enrol in will be ascertained, including consideration of the likely job outcomes from the development of new competencies and skills (Recognition of Prior Learning (RPL) or Credit Transfer). One of our staff will conduct a PTR call to verify the answers provided by the students. TEDI will issue Letter of Offer to successful applicants after all the documents have been verified. The offer letter will include all detailed instructions and conditions for accepting the student agreement. LLN test will be conducted on campus by using an ACSF mapped online LLN assessment tool - LLN Robot- under the supervision of qualified LLN assessor.

Students for each course will be selected in a manner that reflects TEDI's access and equity principles. Completion of the student's application form does not imply that TEDI will make an offer to you. You will also be notified if you do not meet the entry requirements.

- ensures the suitability of the training to the students
- understands the student's current competencies and therefore provides opportunities for these to be assessed
- Provides students with information necessary for them to make enrolment decision and to ensure that students reasons for undertaking qualification with TEDI aligns with their previous experience in particular sector (If any), educational and career goals.
- Identifies possible Recognition of Prior Learning (RPL) and/or Credit Transfer (CT), student's English level, oral communication skills, knowledge on Language Literacy and Numeracy skills.
- Check if the training and assessment strategies employed to deliver the course suits the student's needs, and
- Provides relevant support required for the student to succeed in the course.

Guidelines for PTR-To be filled up by Students

1. Students are required to fill up the PTR form which is included in the Application form as "Appendix 1".

However, the requirements of the unit of competency including requirements of knowledge evidence and performance evidence will remain unchanged. The adjustment will be applied to evidence gathering techniques and due dates of assessment without changing training package requirements and unit outcome requirements.

TEDI ensures that all the assessments are valid, fair, reliable, authentic and flexible. Refer to TEDI's Assessment policy for more information on Assessments available on TEDI's website and can also be made available from the reception.

Course Assessment and Methods

All assignments will be marked in accordance with the principles of assessment and rules of evidence (these can be found at <https://www.asqa.gov.au/standards/chapter-4/clauses-1.8-1.12>).

Principles of Assessment

i. Fairness:

The individual learner's needs are considered in the assessment process. Where appropriate, reasonable adjustments will be applied by the Technical Education Development Institute to consider the individual learner's needs.

Technical Education Development Institute will inform the learners about the assessment process and provide the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.

ii. Flexibility:

Assessment is flexible to the individual learner by:

- reflecting the learner's needs
- assessing competencies held by the learner no matter how and where they have been acquired, and

· Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.

iii. Validity:

Any assessment decision of Technical Education Development Institute (TEDI) is justified, based on the evidence of performance of the individual learner. Validity requires:

- Assessment against the unit(s) of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance.
- Assessment of knowledge and skills is integrated with their practical application.
- assessment is based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations
- Judgement of competence is based on evidence of learner performance that is aligned to the unit(s) of competency and associated assessment requirements.

iv. Reliability:

Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

Rules of Evidence

I. Validity

The assessor is assured that the learner has the skills, knowledge and attributes as described in the unit of competency and associated assessment requirements.

II. ii. Sufficiency

The assessor is assured that the quality, quantity and relevance of the assessment evidence enable a judgement to be made of a learner's competency.

III. Authenticity

The assessor is assured that the evidence presented for assessment is the learner's own work.

IV. Currency

The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Detailed procedures of how assessments will be conducted is given in the Assessment Policy which is available on the website and can be made available from the reception.

Assessment Methods

A range of assessment methods will be used to accommodate the diversity in student's learning styles and preferences. These assessment methods may include but not restricted to:

- Case studies

- Projects
- Reports
- Presentations
- Role plays
- Knowledge Test
- Practical demonstrations

Re-assessment

Student will be given 3 attempts (1 Original submission + 2 more attempts) to demonstrate competency at each assessment. 1st and 2nd attempt will be free of cost, however, if a student is unable to clear 2 attempts, a charge of AU\$300 will be applied for the third attempt. If a student is unable to demonstrate competency after three attempts at each task, they will be deemed Not Yet Competent (NYC) and must re-enrol and undertake the unit again. The unit repeat fee is \$300.

Not attending for an assessment will be counted as one assessment attempt for each occurrence unless:

- the student can provide a certificate from a registered medical practitioner indicating that the student was medically unable to attend the assessment; or
- The student can provide independent evidence of exceptional compassionate circumstances beyond the student's control, such as serious illness or death of a close family member to explain the non-attendance at the assessment.

Assessment Outcome

Each unit of competency includes multiple assessment tasks and after each assessment, the student's submission will be marked Satisfactory (S) or not satisfactory (NS). After each assessment, verbal and written feedback is provided. Final unit results are recorded as Competent (C) and Not Yet Competent (NYC).

Assessment Appeals

If students are dissatisfied with an assessment outcome, they can appeal the assessment decision. In the first instance, students are encouraged to appeal informally by contacting the trainer/assessor and discussing the matter with them. If students are dissatisfied with the outcome of such discussion, students can appeal further to Administration officer. If students are still dissatisfied, students can appeal formally in writing to have the result reviewed. Students can refer to Complaints and Appeals policy for more details. It is available on TEDI's website www.tedi.vic.edu.au or can seek assistance at the Reception.

Qualifications to be issued

Qualifications gained at TEDI are based on the principles, guidelines and standards set by the Australian Qualifications Framework (AQF) and VET Quality Framework and are recognised nationally. Students who successfully complete all assessment requirements for a qualification will be awarded a certificate corresponding to the completed course. Those completing assessment requirements for part of a qualification will receive a Statement of Attainment for completed competencies.

Qualification, Statement of Results or transcript of results will only be issued once all the outstanding fees have been paid in full. TEDI will issue certification in a timely manner. Providing all fees that have been paid, all AQF certification documentation will be issued within 30 calendar days of the student exiting their course or the student's final assessment being completed.

Please contact TEDI's Administration department for more details.

Academic Misconduct

Acts of plagiarism, collusion and cheating are not permitted in any work completed for assessment and will result in a written warning and repeating the VET unit of competency, as well as incurring any associated charges. If a student is caught engaging in these acts, their assessment will be deemed Not Yet Competent (NYC). If students are engaged in such act for a second time, they may be suspended or expelled from the course. All work submitted must be an accurate reflection of the Student's level of competence.

Plagiarism is unacceptable and each case of plagiarism shall be treated on its own merits. Educational procedures will be in place to assist students to avoid submitting assessment work that does not meet the required standards of evidence-based writing.

Inappropriate practices in the use of referencing, citations, quotations or attributions for formative assessment may be dealt with and by the assessor, who may refer students to appropriate resources to improve their academic skills. Suspected incidents of plagiarism involving summative assessments will be dealt with seriously:

Penalties may include resubmitting assessment work i.e. further reassessment and/or possible financial penalty or failing the unit. It may also lead to students being re enrolled in the unit which will incur payment of \$300.
- The student's assessment will be deemed Not Yet Competent (NYC). The student will be given a warning and will be required to redo the assessment. Additional charges may apply for reassessments. If students are engaged in such act for a second time, they may be suspended or expelled from the course.
- Administration Officer will keep a record of all suspected incidents of plagiarism brought to attention by the trainers. Procedural aspects of these records will be reviewed to ensure that they have been dealt with fairness.
- If trainer and/or Administration Officer finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at TEDI, and a further penalty may be imposed.

- If trainer and/or Administration Officer finds that a student has committed multiple and/or systematic acts of plagiarism, or admits to, or is found to have committed, conduct that prejudices the interests of other students or the integrity of an assessment scheme itself, then the case will be dealt with as a complaint of student misconduct under the Student Code of Behaviour at TEDI, and a further penalty may be imposed. Kindly refer to Plagiarism and Cheating policy available on TEDI's website and/or at the reception for more details.

Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on the identified equivalence in the content and learning outcomes between the matched qualifications. Such as:

1. Unit/module is the same i.e. same code and title
2. Unit/module has been reviewed and this results in minor changes to the unit/module code e.g. B to C. This indicates that the learning outcomes of the unit/module have remained the same.
3. Unit/module has been transferred from another training package/curriculum and recorded; however, the learning outcomes remains the same.
4. If the course credit is given, the confirmation of enrolment (COE) issued for that student will indicate the actual net program duration (as reduced by course credit) for that program.
5. If course credit is granted, and it results in shortening of the student's program duration, the Institute will report the change of program duration in PRISMS.

Students who have completed identical units to those in the course they are beginning at other institutions can be given recognition/credit on presentation of a verified transcript, Award or Statement of Attainment issued by any other RTO or AQF authorised issuing organisation.

- Students are requested to apply for credit transfer by the 2nd week of the first term of study in their enrolled course.
- Students must complete the Credit Transfer Application form, and submit the application to the Administration department or at the Reception.
- The application must include copy of verified Award or statement of attainment copies, all original documents and must identify the units successfully completed including unit codes, unit name and dates of completion.
- Administration officer will verify the Award or Statement of Attainment, and other original documents submitted along with the Credit transfer application form and will grant credit transfers for identical units that have been identified as being completed at another Registered Training Organisation.
- Verified copies of Qualifications and Statements of Attainment and other documents provided by the students and used as the basis for granting Credit Transfer will be placed in the student files.
- Granting of Credit Transfer will be recorded as a unit outcome and kept in the students file.
- If Credit transfer is granted, TEDI will provide a written record of the decision to the students to accept and will retain the written record of acceptance for two years after the overseas student ceases to be an accepted student.
 - Course duration will be adjusted accordingly, and Student will be advised that this will reduce in the length of CoE.
 - Contextualized timetable will be issued to student adjusting credit transfer units. Pre-requisite units must be completed first.
 - Student COE length will be adjusted accordingly.

An application for credit transfer must be lodged in writing. Application form and more information about credit transfers (Credit transfer and RPL policy) is available on our website or can be obtained from TEDI's reception.

Many of Electronics and Communications qualifications have common units in UEE and CPC training package, Learners enrolling into these courses with completed lower level qualification or unit of competency will be assessed for credit transfer opportunities. Institute will also check if qualification has electives in line with units identified for the credit.

Where credit transfer is identified, student will be advised of potential credit and course duration will be adjusted accordingly, and Student will be advised of their reduction in the length of COE.

Student will be advised to speak to Department of Home affair to discuss impact it may have on their visa. TEDI staff should not provide visa advise as they are not authorised to do so.

Contextualized timetable will be issued to student adjusting credit transfer units. Pre-requisite units must be completed first.

Please refer to credit transfer process defined earlier in this section for more details. However, student must refer to Credit transfer and RPL policy for detailed process available on website and at TEDI's reception.

Student need to contact TEDI, if they wish to get more information on credit transfer on 03 9043 3926. Credit transfer will be applied as per the credit transfer and RPL policy.

Recognition of Prior Learning (RPL)

RPL involves the assessment of previously unrecognised skills and knowledge an individual has achieved outside the formal education and training system. Recognition of prior learning is an assessment process that involves assessment of an individual's relevant prior learning (including formal, informal and non-formal learning) to determine the credit outcomes of an individual application for credit. To support this type of application evidence of where and how the skills were obtained is required.

TEDI recognises the prior learning of students based on:

- previous training, (includes overseas qualifications);
- formal study and acquisition of a qualification and statements of attainment from another RTO;
- practical experience in a work environment;
- projects undertaken; and
- Life experience.

Students who believe they already have skills and experience learnt through a job, worked in a position that's enabled the student to undergo industry –relevant tasks, or simply been trained in-house through a company that students may have previously worked for; you may be eligible to apply for Recognition of Prior Learning.

This may involve providing copies of your resume and/or work performance appraisals, job descriptions and any certificates of in-house or formal training. You may be asked for contact details of people who can vouch for your skill level such as supervisors from current or previous workplaces, clients or personal character references from the community. If the evidence provided is relevant to the course that student is interested in or has applied for; TEDI will access the application and will determine whether the student is a suitable applicant.

An application for RPL must be lodged in writing. RPL application form can be obtained from the website or from TEDI's reception. More information on RPL is available on our website www.tedi.vic.edu.au under CT and RPL policy. Students can speak to TEDI Staff for more enquiries.

Procedures

- Students are requested to apply for Recognition of Prior Learning prior to the commencement of the course.
- An RPL application for students will include all relevant evidence of work experience and where the learning has occurred. Applications will not be accepted unless all required information is included. Students who request an RPL assessment will be advised of the evidence required and suggestions on how to obtain it (e.g., supervisor evidence, previous projects, transcripts of qualifications completed, work experience, in-service training, distance education or open learning, community- based learning, or overseas education, training or experience etc.)
- All RPL Applications are to be submitted to the administration department/Reception in the first instance along with verified supporting documents. The application and supporting documentation will be copied and placed into the student's file. Where originals are required for verification, authorised TEDI staff from the Administration department or representative will sight and indicate on copies "original sighted" and shall return originals to the student. TEDI will at no time accept and retain original certificates.
- The application will be forwarded to the Administration Officer or representative to be assessed and outcomes will be determined by RPL/qualified assessor.
- It will be ensured that the evidence provided is valid, authentic, current and sufficient and that the process is fair, flexible and valid.
- If the outcome of the evidential documentation is not sufficient, then the student will be advised to provide further documentation to validate his/her skills/experience. The Administration Officer or representative will set a date for the additional documents to be submitted.
- The applicant will be notified of the outcome of the RPL. On the basis of the assessment, the student will be advised that:
 - the application has been granted; or
 - the application has been denied; or
 - further evidence is required
- Where an application for RPL or Course Credit is received by TEDI, The Training officer or representative will assess the application and provide an outcome to the application within 14 working days of receipt or as soon as practicable where further information is required to determine the outcome. If RPL is approved, the applicant will be marked as "CT or RPL" rather than "Competent" in the transcript of records.
- Where either of the above, credit transfer or RPL applications are received or course credit is approved, the following must occur: Enrolment Officer will change student's COE to reflect reduction in period of study. TEDI will provide student with the outcome of the credit application. The students must sign a letter to indicate the agreement with the outcomes of credit transfer or RPL applications and a copy will be kept in the students file.

- TEDI's Assessment policy will be followed when undertaking RPL assessments.

Application form for RPL can be obtained from the website or from TEDI's reception. More information on RPL is available on TEDI's website www.tedi.vic.edu.au. Students can also speak to TEDI Staff for enquiries.

Currency of training

TEDI implements effective course validation procedures to ensure that it delivers current AQF training package qualifications and accredited courses. TEDI ensures appropriate transition arrangements in case a qualification or an accredited qualification is superseded.

Reasonable Adjustment

Students have different needs and often training needs to be adjusted to meet individual student's needs. Adjustments can be made to assessment process, resources, facilities, delivery style and structure of training sessions.

By definition: 'Reasonable adjustment refers to measures or actions taken to provide a student with a disability or special needs, the same educational opportunities as everyone else. To be reasonable, adjustments must be appropriate for that person, must not create undue hardship for the institute and must be allowable within rules defined by the training package.'

Unique Student Identifier (USI)

The Unique Student Identifier (USI) is a mandatory requirement for anyone wishing to complete Nationally Recognised VET qualification as of 1 January 2015. Each time a student completes nationally recognised training; the RTO collects and verifies their USI before they can issue a qualification or statement of attainment. In addition, TEDI is required to include student's USI in the data submitted to NCVER.

All students undertaking vocational education and training must hold a Unique Student Identifier (USI) and provide it to TEDI during enrolment process. If students do not provide USI, TEDI will not be able to issue a Certificate, Statement of Attainment or Transcript for the training.

If you wish for Technical Education Development Institute (TEDI) to create a USI on your behalf, be aware of the following:

Studying at TEDI

A number of approaches to course delivery are used by TEDI's staff. Course delivery approaches include supervised study, case studies, tutorials, trainer led classroom delivery, practical leaning for electronic courses, practical activities like role play and presentations.

During class time, students will be expected to participate by answering questions, giving opinions, giving assessments in the form of practical demonstrations, case studies, projects, report, presentations, role plays and knowledge Test.

The duration of the course specified in the course information includes only formal training. Students are required to dedicate a minimum of 20 hours per week towards their study. This includes but is not limited to, self-paced learning (not included in the minimum 20 hours per week), class attendance, research, learning activities and assessment activities.

Students are required to attend practical session in Institute's practical environment "Technical Electronics Centre" as a part of the Electronics and Communication course. In addition to it, students will be required to undertake supervised self-study (as per the qualification undertaken) in Technical Electronic Centre where students will practice the skills in practical environment. Logbook will be maintained to monitor self-study hours.

Similarly, students undertaking CPC30220- Certificate III in Carpentry and CPC31320- Certificate III in Wall and Floor Tiling qualifications will be required to attend practical session at TEDI's workshop at 17 David St, BRUNSWICK, Victoria 3056 along with face to face theory classes on campus.

Course Assessments

TEDI uses several methods of assessment to measure students' competency. Assessment methods used for this course are case studies, projects, reports, presentations, role plays and knowledge test.

Plagiarism

Acts of plagiarism, collusion and/or cheating are not permitted in any work completed for assessment. Students found to be involved in cheating, plagiarism and/or collusion will be required to repeat the unit and will be given a written warning. Any charges associated with the re-assessment will be payable by the student. If a student is caught engaging in these acts a second time, they may be suspended or expelled from TEDI. All work submitted must demonstrate competence in the unit of study. More detailed information can be found on Plagiarism and cheating Policy available on TEDI's website and/or at the reception.

Our Obligation to You

TEDI is responsible for the quality of the training and assessment in compliance with the Standards for Registered Training Organisations 2015, and for the issuance of the AQF certification documentation. This means that the institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

Transfer Between Registered Providers

The National Code 2018 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course. TEDI will not actively recruit a student where this clearly conflicts with obligations under standard 7 of the National Code 2018 (Overseas student transfers).

TEDI will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to them.

If students wish to apply for a transfer, they will need to apply at the institute for a release. There is no cost attached to apply for a release; however, students will be required to contact the Department of Home Affairs to seek advice on whether a new visa is required.

All applications will be assessed on the basis of TEDI's Policy, conditions of Enrolment, Fee Payment and Refund Policy, study plan and declaration submitted by the student in their application.

Documented evidence supporting circumstances/reasons for seeking release must be included with the application or email submitted. Please refer to the TEDI's transfer between provider's policy for more details on conditions where transfer may or may not be provided.

Deferral, Suspension and Cancellation

Students may initiate a request to defer commencement of studies or suspend their studies on the grounds of compassionate or compelling circumstances. Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to the institute. Reasons for suspending your enrolment are limited to extenuating circumstances such as:

- Personal illness (e.g. you are going into hospital)
- Bereavement (death of an immediate member of family)
- Serious illness of an immediate member of family.

If you know that you will not be attending classes during the study period, you must contact TEDI and arrange an appointment to discuss your circumstances. Subsequent to your meeting and after providing documented evidence, supporting circumstances/reasons for seeking suspension or cancellation of enrolment, you will be required to formally apply for the deferral or suspension.

TEDI may decide to suspend or cancel a student's enrolment on its own initiative as a response to misbehaviour by the student. Deferral of commencement, suspension of enrolment and cancellation of enrolment has to be reported to the Department of Home Affairs through PRISMS by the institute and this may affect the status of a student visa.

Please refer to TEDI's Deferral, Suspension and Cancellation Policy for more details available on TEDI's website.

Student Obligations

Overseas Student Health Cover

If you are a student from overseas on a temporary student visa it is a condition of your visa to maintain adequate health insurance for the duration of your visa. This means you need to purchase Overseas Student Health Cover (OSHC) and keep your policy up to date as long as you hold this visa.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals.

Some exceptions may apply if you are a student from Sweden, Norway, or Belgium. If this applies to you, you may have special arrangements under your own national schemes - check with the Department of Home Affairs to find out if special arrangements apply to you and if you are exempt from the requirement to purchase OSHC.

As holding OSHC is a visa requirement, take care to maintain your cover at all times. If you do fall behind in payments or renewing your cover, you will be able to continue your cover but you may not be able to claim for services you received while you were in arrears.

If your visa status or Medicare eligibility changes at any time, inform your insurer as soon as possible to find out whether your level of cover is still suitable. When your student visa expires, then you are no longer eligible to hold OSHC. You can then swap over to a residents' cover or to an Overseas Visitors Health Cover plan.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals. The OSHC premium cover must be paid before a student visa is issued. Technical Education Development Institute (TEDI) can assist you in organising an OSHC cover for you if you wish. Contact our Student Services.

You can find out more about OSHC at

Full Time Study

Overseas students are required to be enrolled in a full-time registered course to undertake study. Australian law requires international students to study a full-time study load. A full-time study load is normally a minimum of 20 scheduled course contact hours per week.

Academic Course Progress

TEDI gives strong emphasis on course progress requirements. It is a mandatory requirement for all the students to attend their classes regularly and achieve satisfactory course progress.

Students must participate in the training as set out in the training and assessment strategy, including (where the strategy requires) participating in scheduled classes, course-related information sessions, supervised study sessions. TEDI checks and ensures that all the required assessments are completed up to that point of time.

Students at TEDI are required to regularly attend classes and achieve satisfactory course progress. TEDI regularly monitors, records and assesses the course progress of each student for each unit of the course for which the student is enrolled in. TEDI will assess each student's course progress at the end-point of each study period.

Students who do not meet course progress requirements may be at risk of having their visa status affected. Where requirements are not met, TEDI course progress monitoring procedures will be followed as per the Attendance and Course Monitoring Policy and Procedures.

Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the course requirements in that study period.

A failure of units in any study period will trigger a review of academic progress by the institute and the implementation of an intervention strategy. Failing a unit means being assessed as 'Not Yet Competent (NYC)' for a completed unit after one or more opportunities for re-assessment has been provided or a result appeal process has been undertaken. In order to have the best chance of maintaining satisfactory progress you must:

- Attend all theory and practical classes and pay attention to the work and activities undertaken in class;
- Study the theory and practice the skills that are taught in class and Institute's lab;
- Ensure that you are present for all assessment activities scheduled by the trainers;
- Make an appointment with the Student Support Officer or Administration Officer if you are having any difficulties with your studies.

In addition to the above minimum requirement, the Institute will implement counselling procedures and an intervention strategy when you think you may be in danger of not meeting the requirements.

Counselling and intervention strategy may be triggered by any of the following events (including but not limited to):

- Failing any units in a study period
- Not attending compulsory classes

Refer to the counselling section in this handbook for more details.

If students fail to meet the requirements of satisfactory course progress for two consecutive study periods, they will be reported to the Department of Home Affairs.

Please refer to the Attendance and course progress policy available on TEDI's website and/or reception for more details on Intervention strategy, academic progress, extension of course duration etc.

Attendance Requirements

TEDI gives strong emphasis on attendance requirements. TEDI records and monitors attendance on regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. TEDI will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Students must maintain satisfactory attendance (i.e. minimum 80% of attendance) throughout the course. Low attendance implies that students might not be able to complete their course on time and this will lead to students breaching their visa conditions. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress. TEDI is required to report the students on the basis of unsatisfactory course progress to the department of Home Affairs (DHA).

Note: Students will not be reported on the basis of attendance. However, Low attendance may lead to unsatisfactory course progress which can lead to you being reported to DHA.

As per the new Attendance regulation set up by the Australian Skills Quality Authority, overseas students are required to be enrolled in a full-time registered course to undertake study. For VET courses, a full-time course is a minimum of 20 scheduled course contact hours per week, unless otherwise specified by ASQA. Students are required to participate in and attend the scheduled classes.

If **an overseas student** is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because they must already have the skills, knowledge and experience to progress in their course without receiving structured training.

In this case, TEDI **may invite the student to apply for RPL and will reduce the duration of the course to the minimum duration** required given the student's existing skills and knowledge, while maintaining a minimum of 20 scheduled course contact hours per week.

Please refer to the Attendance and course progress policy available on TEDI's website and/or student administration for more details.

Intervention Strategy

TEDI ensures that it identifies, notifies and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. TEDI will provide support to students through intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Training officer or Student Support Officer and it may include one or more of the following strategies (but not limited to):

- attending counselling;
- attending extra classes;
- English language support;

- reviewing learning materials with the student and providing information to students in a context that they can understand;
- providing extra time to complete tasks;
- Adjusting time tables
- providing access to supplementary or modified materials;
- providing supplementary exercises to assist understanding;
- attending academic skills programs;
- attending tutorial or study groups;
- receiving assistance with personal issues which are influencing progress;
- receiving mentoring;
- referral to external organisations where TEDI is unable to address the identified learning or academic issues:
- being placed in a suitable alternative subject within a course or a suitable alternative course; or
- a combination of the above and a reduction in course load.

Change of Address

Upon arriving in Australia, students are required to advise TEDI of their residential address and telephone number and of any subsequent changes to their residential address. It is extremely important that students notify the institute of a change of address as, under Section 20 of the ESOS Act 2000.

TEDI is obliged to serve a notice at the last known address of the student if the student breaches a student visa condition relating to attendance and/or academic performance. The institute may also send warning notices to students that are aimed at providing support to students and prevent breaches of visa conditions.

Hence, students must notify TEDI of any change of their address and contact details within 7 days of change while enrolled at the institute including:

- the student's current residential address, mobile number (if any) and email address,
- who to contact in emergency situations

Failure to update the contact details to TEDI means that students may not receive important information which may affect their course, their enrolment or visa.

As per Tuition Protection Service (TPS) update, international students are required to update their current address at least every six months. It is the responsibility of students and in their interest to keep their records up-to-date to ensure they receive important information about their course, fees and possible breaches of their student visa.

Additional information on student visa issues is available on the Department of Home Affairs web site at <https://www.homeaffairs.gov.au/>

Student Complaints and appeals procedure

The Institute has a student's Complaints and Appeals Policy and Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have.

Informal Complaint Process

Students who wish to make a complaint are encouraged to initially engage in informal discussion about the matter with the staff member/s involved. Any student with a complaint may first raise the issue informally with Administration officer or Trainer and attempt an informal resolution of the complaint.

Complaints dealt in this way will not become part of the formal complaints process and will not be documented, recorded or reported on unless TEDI staff involved determines that the issue in question or complaint is relevant to the wider operation of TEDI.

TEDI staff involved in the discussion of an informal complaint or appeal will do their best to resolve the matter effectively and quickly.

Students who are not satisfied with the outcome of the complaint, they will be advised to register a formal complaint.

What can a complaint be about?

A complaint can be about:

- any aspect of the service provided, or not provided by TEDI
- any aspect of the training and assessment
- the behaviour or decisions of staff, or
- policies and/or procedures of TEDI
- any action by any associate

➤ Formal Complaint Process

Students who are not satisfied with the outcome of the informal process can register a formal complaint in writing to the Administrative officer/Complaints Officer. Students can also send an email alternatively to admissions@tedi.vic.edu.au.

Lodging a complaint

To register a formal complaint, a student must complete and fill a Student's Complaints Form to Administration officer/Complaints Officer providing:

- A clear and detailed statement of the complaint, including the parties involved.
- A suggested solution that the student believes would settle the complaint (E.g. an appropriate solution will focus on achieving a productive study environment or relationship, rather than apportioning blame).
- Complaint will be lodged in a complaint register.

The resolution phase: The Administration Officer/Complaints Officer will determine whether the subject matter falls within the definition of a complaint. This period is called the resolution phase.

The resolution phase will commence within **10 working days** of the complaint being lodged in writing, i.e. assessment of complaints or appeal will commence within 10 working days of it being made and the outcome will be finalised as soon as possible.

Where it is determined that the subject matter falls within the definition, the following procedures will take place:

- **Acknowledging the Lodgement of a complaint**

Each formal complaint lodged by a student will be acknowledged in writing. The acknowledgement will be provided to the student in person and/or sent through the email in writing by student support/admin staff. The Student support/admin staff will forward the complaint for action to the relevant person or department as soon as practicable and should not take more than 10 days. Parties to complaint will not be part of the investigation team.

- **Recording the Complaint**

Details of the complaints will be recorded in TEDI's complaints and appeals register and a copy will be filed in the student's file. The original complaint will be forwarded to the Administration Officer/Complaints Officer. And they will be responsible for ensuring that all of these actions are completed within five working day of the lodgement of the complaint.

- **Acting on Complaint**

All concerned parties will be contacted for investigation. Students will be given an opportunity to respond and present their case with supporting evidence. Administration officer/Complaints Officer will set an agenda for the meeting and discuss what steps should be taken.

The right to be accompanied by a support person during the complaints/appeals process: Parties making complaint will be invited for meeting and each involved party may be accompanied and assisted by a support person, according to the principles of natural justice. There will be an attempt to resolve the complaint by using the process outlined by the student for settlement (if appropriate) or through meeting, mediation and/or conciliation.

All the information will be gathered as required to assist with the settlement of the complaint, including, providing the respondent with the statement of the complaint and all the relevant documents. Complaints will be investigated thoroughly in spirit of natural justice and principal fairness. Best possible resolution will be achieved keeping a student-centred approach based on the facts and documents.

- **Time frame**

Person making a complaint will be informed of the outcome in writing and all the complaints will be finalised as soon as practicable understanding the student's requirements and other matters but *maximum within 60 days of receipt of complaint*.

Where TEDI considers more than 60 calendar days are required to process and finalise the complaint or appeal, the institute will inform the complainant or appellant in writing, including reasons on why more than 60 calendar days are required, and will regularly update the complainant or appellant on the progress of the matter.

If complaint falls outside the definition of complaints: Administration Officer/Complaints Officer will advise the student accordingly. Administration Officer/Complaints Officer may dismiss a complaint if, in their view the complaint is ill advised, misguided, frivolous, malicious or vexatious.

Note: *It is to be noted that TEDI will respond to any complaint or appeal the overseas student makes regarding his or her dealings with TEDI, TEDI's education agents or any related party that TEDI has an arrangement with, to deliver the overseas student's course or related services.*

At the conclusion of the resolution phase, Administration Officer/Complaints Officer will write to both the student and the respondent indicating the outcome of the process and specifying any action that has been agreed upon by the parties as part of that process. Students will be informed about their *Right to appeal* within 20 days of the complaints if dissatisfied with the outcome.

Record the decision: Institute's decision and reasons for the decision will be recorded by Administration Officer/Complaints Officer and placed in the student's file.

If a student is dissatisfied with the outcome of the formal complaint process, students may initiate an internal appeal process by completing a Complaints and Appeal Form from the website www.tedi.vic.edu.au or student administration/reception.

➤ Internal Appeals Process

Internal appeals may arise from a number of sources including appeals against refund decisions, assessment outcomes, appeals against disciplinary actions and appeals against decisions arising from complaints. The essential nature of an appeal is that it is a request by student who is dissatisfied with the outcome to reconsider a decision made by TEDI.

An Internal Appeal Process is initiated by a student lodging an Appeal by filling up complaints and appeals Form available from Student Administration and/or TEDI website.

● Acknowledging the Lodging of a complaint

Appeals are acknowledged by sending written confirmation of the complaint that is done by Training Manager/Appeals Officer

● Consideration of Appeal by Training Manager/Appeals Officer

Where an appeal relates to the following matters, the Student Appeals Form must be lodged within 20 working days (International Students):

- Notification of an intention to report the student to the Department of Home Affairs (DHA) or due to unsatisfactory Course Progress.
- Notification of an intention to suspend or cancel a student's enrolment due to misbehaviour, or other extenuating circumstances (ref. Student Code of conduct).

● Time Frame and Acting on an Appeal

Within 10 working days of receiving the Complaints and Appeal Form, the Chief Executive Officer (CEO) will appoint an Investigator or convene a Student Appeal Committee to hear the appeals and propose a final resolution. This Investigator or Committee will not include any person who has heard the original complaint. The Investigator or the Student Appeals Committee will:

- a. Meet with the student (and support person, if present) and provide the student with an opportunity to present their case with any supporting evidence provided in the meeting at minimal or no cost. At any given meeting to discuss an appeal, students will be given an opportunity **to be accompanied and assisted by a support person.**
- b. At the conclusion of the meeting, students will be informed about the timeframe within which the institute will provide a written outcome of the appeal. The timeframe will generally be 10 working days. After the meeting, the Investigator or Committee will, impartially, consider all the evidence and make a decision.

Student Appeal Committee

- Chief Executive Officer/Training Manager
-
- Investigator or nominee appointed by the CEO

*TEDI will ensure that assessment of the complaint or appeal is conducted in a professional, fair and transparent manner.

The outcome will be documented and will include the reasons for the decision. If the decision goes against the student, the outcome will include information for the student of **his or her right to an external appeal.** Details of the suitable external appeal bodies will be made available to the student with information at no cost associated with that.

If more than 60 days: Where it is apparent that appeals will take more than 60 calendar days, appellant will be informed in writing, including reasons why more than 60 calendar days are required, and the students will be regularly updated on the progress of the matter.

Recording the appeal: TEDI will keep a written record of the complaint or appeal, including statement of the outcome and the reasons for the outcome with signature and date of student and Training Manager.

A written statement of the outcome of the internal appeal, including detailed reasons for the outcome will be sent to the student.

If matter remains unresolved or student is unsuccessful or dissatisfied with the outcome.

There might be cases where matter is still unresolved after the implementation of above procedures and the internal appeals process exhausted, or if the student is not successful in the TEDI's internal complaints and appeals process. In such cases, Institute will advise the overseas student within 10 working days of concluding the internal review of the overseas student's right to access an external complaint handling and appeals process without any cost charged by TEDI.

Note: Students' enrolment will be kept active until both internal and external appeal is concluded.

➤ External Appeals Process

After the student has been advised of the external complaint handling process and procedure, TEDI will provide students with contact details of the appropriate complaints handling and external appeals body. TEDI will refer the student to Commonwealth Ombudsman to lodge an external appeal or complain about the decision.

The Commonwealth Ombudsman offers free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider.

In most cases, the purpose of the external appeals process is to consider whether the registered provider, i.e. TEDI in this case, has followed its policies and procedures, rather than make a decision in place of the Institute. External appeal authority will be provided with sufficient information within due timelines requested.

For example, if an overseas student appeals against his or her subject results and goes through the internal appeals process of the Institute, the external appeals process would look at the way in which the internal appeal was conducted; it would not make a determination as to what the subject result should be. Complaints outcome will be entered in complaints register after external appeals has given a decision and copy of all relevant documents will be attached in that register.

Outcome

If the internal or any external complaints handling or appeal process results in a decision or recommendation in favour of the overseas student, TEDI will immediately implement the decision or recommendation and/or take the preventive or corrective action required by the decision and advise the overseas student of that action or outcome.

Written record of the complaints or Appeal and statement of the outcome will be kept and maintained by TEDI. Examples of an external or independent body or person may include:

- private conciliators or dispute resolution counsellors
- a complaints and appeals body established by a peak industry body
- representatives of Commonwealth and state or territory government departments including the Office of the Training Advocate; or
- Commonwealth and state or territory offices of the Ombudsman may be the appropriate body for a public provider.

Appeals related to Deferment, Suspension or Cancellation of Enrolment

Where a student has decided to access the appeals process in relation to deferment, suspension or cancellation of their enrolment, TEDI will not update the student's status or report to the Department of Home Affairs (DHA) via PRISMS until the appeal process is completed.

TEDI is required to maintain all relevant responsibilities until:

- the internal and external complaints processes have been completed and the breach has been upheld;
-
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day period;
- the overseas student has chosen not to access the external complaints and appeals process;

Important Information

Working in Australia

Australian Immigration laws allow students to work for a limited number of hours whilst studying on a student visa in Australia. Students must not work for more than 40 hours a fortnight when student's course of study or training is in session. A fortnight means the period of 14 days commencing on a Monday.

School-aged dependents

Students must maintain adequate arrangements for the education of their school-age dependants who are in Australia for more than 3 months as a dependant on student's visa.

There are requirements for compulsory school attendance for dependents of international students. In Australia, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools and religious schools. People over the age of 16 can continue to attend school

until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any institute or university that they enrol in whilst in Australia.

Disability Support

Australia has a law that protects individuals from discrimination in many areas of public life, including education. A person with disability has just as much right to study as any other student.

TEDI will apply reasonable adjustment for students with disability. However reasonable adjustment applied must not be detrimental for the students to achieve course outcomes. TEDI will apply reasonable adjustments to the level it can.

This means that the institute cannot and will not:

- Refuse admission on the basis of disability.

- Accept a student with a disability on less favourable terms than other students (for example, asking for higher fees).
- Deny or limit access to a student with disability (for example, not allowing access to excursions, or having inaccessible student common- rooms or lecture facilities).

Refunds

All students' refunds are conditional on the following:

COURSE WITHDRAWAL

- i. Where a written notice of withdrawal is received by the Institute at least **12 full weeks or more before the agreed start date** of the course or term, the institute will refund 100% of the fee received except application fee.

- ii. Where a written notice of withdrawal is received by the institute within **6 to 11 full weeks before the agreed start date** of the course or term, the institute will refund 50% of the fee received except application fee.
- iii. Where a written notice of withdrawal is received by the institute within **5 full weeks or less before the agreed start date** of the course or term, no refund will be provided.
- iv. Where a written notice of withdrawal is received by the institute **after the start date** of the course or term, no refund will be provided.
- v. Where the student defaults, including withdrawing from a course, after the course/term start date, students will be liable to pay full tuition fee for that study period and there will be no refund of paid tuition fees.
- vi. It should also be noted that if the student's enrolment falls within no refund timelines before the agreed start date of the course, then there will be no refund.
 For example: If a student enrolls in week 5 before the course start date, he/she will not be eligible for refund as the enrolment falls in no refund time period of 5 full weeks prior to the agreed start date of the course.
- vii. If the refund application is approved, refund will be paid within the period of 20 working days after receiving a written notification/claim from the student and relevant forms duly signed by the student.
- viii. The institute must have received funds in order for any refunds to be made available (i.e. cheques are cleared, telegraphic transfers have been received).

B. STUDENT DEFAULTS

An overseas student or intending overseas student defaults, in relation to a course at the location, if the student himself/herself initiates termination of enrolment like:

The course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn);

or

a) the student withdraws from the course at the location (after the agreed starting day);

or

b) the institute refuses to provide, or continue providing, the course to the student at the location because of one or more of the followings:

- i. the student failed to pay an amount payable to the provider for the course;
- ii. the student breached a condition of his/her student's visa and his/her visa has been refused;
- iii. misbehavior by the student {Note: the student is entitled to natural justice under subsection 47A (3)}

Note: If students do not commence studies in a course (i.e. the student does not start the course on that day) or when they are due to commence and have not notified the institute in writing within 14 days of the course commencement, then student's enrolment will be cancelled on the basis of non-commencement of studies.

A student does not default for failing to start a course on the agreed starting day if he/she does not start that course because of the provider defaults in relation to the course at the institute.

TEDI will pay the refund to the following person:

- a. the student
- b. if a person (other than the student) is specified in this written agreement to receive any refund- the specified person.

TEDI will pay the refund within the period of 20 working days after receiving written claim from the student.

C. VISA REFUSAL

If a student's visa application or visa renewal is refused by the Australian Government, a refund of course fees will be made and visa refusal refunds will be calculated in accordance with the legislative instrument under subsection 47E (2).

The calculation under subsection 47E (2) is as follows:

The amount of unspent pre-paid fees that the provider must refund the student for the purpose of

Subsection 47E (2) of the Act is the total amount of the pre-paid fees that the provider received for the course in respect of the student less the following amount (the lesser of):

- a) 5% of the total amount of pre-paid fees that the provider received in respect of the student for the course before the default day; or
- b) the sum of \$500.

Students must provide the Institute with substantiated evidence of their student visa refusal.

If an international student currently in Australia has their student visa application refused by the Department of Home Affairs (DHA) after the commencement of their studies; refund will be calculated as follows:

The refund amount = weekly tuition fee x the number of weeks in the default period

a. The weekly tuition fee = total tuition fee for the course / number of calendar days in the course x 7. This amount is rounded up to the nearest whole dollar.

b. Weeks in default period: number of calendar days from the default day to the end of the period to which the payment relates/7

or

The number of weeks in the default period = the number of weeks (i.e. calendar days divided by 7, rounded up to the nearest whole number) in the unexpired portion of the course after the default day, in relation to which TEDI has received tuition fees.

If TEDI has only received an installment of tuition fees for part of the course, the weeks in default period would be the number of weeks between the default day and the end of the part of the course to which the installment relates.

If the number of weeks calculated is not a whole number, round the number up to the nearest whole number.

No refunds will be granted where an international student currently in Australia has their student visa cancelled by the Department of Home Affairs (DHA) for a breach of visa conditions.

D. PROVIDER DEFAULT

- I. In the unlikely event that the institute is unable to start or deliver the course (known as provider default), the student can choose to accept either:
 - i. *A refund of course fees, which will be issued to the student within 14 days.*
 - ii. Or be placed in an alternative course with the institute or another provider. If the student chooses this option, they must sign a new written agreement to indicate that they have accepted the placement.
- II. If the student chooses to receive a refund of course fees, the institute will calculate the unspent portion of tuition fees paid to date (i.e. tuition fees the student has paid for, but which has not been delivered by the institute). The refund will be paid within 14 working days after the cessation of the course.
- III. If the institute is unable to provide a refund or place the student in an alternative course, the TPS will provide the student with options for suitable alternative courses (if any such courses are available), or if this is not possible, the student will be eligible for a refund as calculated by the TPS Director.

E. SPECIAL CIRCUMSTANCES

Where a student withdraws from the course and returns home because of exceptional and extenuating circumstances of a compassionate nature, such as a death or severe illness in the immediate family, 100% of all the unspent fees paid, less any application fees, will be refunded.

I. REFUND PROCESS

- a. Any student who is refused for a refund by the institute may appeal within 20 working days in writing to the student Administration Officer and follow the complaints and appeal process of TEDI.
- b. The institute's appeal process does not restrict the student's right to pursue other legal avenues.
- c. The written agreement and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the student to take action under the Australian Consumer Law if the Australian Consumer Law applies.

Tuition Protection Services

Protection of tuition fees paid in advance by student visa holders is undertaken in accordance with ESOS requirements and the Tuition Protection Service Framework. The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

- Complete their studies in another course or with another education provider or
- Receive a refund of their unspent tuition fees.

TEDI is compliant with the ESOS requirements of the Tuition Protection Service (TPS), which is a replacement and refund service for international students.

It is an unlikely event that TEDI is unable to deliver a course that you have paid for and does not meet their obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid tuition fees (this is called a provider default obligations), the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

For more information on Tuition Protection Service visit: <https://tps.gov.au>

Critical Incident

As per standard 6.8 of the National Code 2018, TEDI has its critical incident policy in place.

The policy ensures that critical incidents or potential critical incidents that could affect student's ability to undertake or complete the course in which they are enrolled are mitigated if possible or monitored so that support can be arranged if appropriate. The policy ensures that critical incidents and the actions taken are recorded in writing, and are kept for a period of not less than two years after the student's enrolment has expired.

A Critical incident is defined as a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury. Critical incidents that may cause physical or psychological harm could include, but are not limited to, events such as:

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster
- Issues such as domestic violence, sexual assault, drug or alcohol abuse

It is Technical Education Development Institute's intention to provide students with a safe environment on campus and advise students and staff of how they can enhance their personal safety and security.

Safety and Security

At TEDI, the senior staffs are instructed to 'notice' any safety or security issue during their daily work routines. All staff are instructed on general workplace safety issues and how to manage them.

Students leaving late in evening from the institute are advised to leave the building accompanied by one or more fellow student(s) or advise their trainer or administrative staff on duty that they are leaving, and request accompanied to their mode of transport if necessary. Students and staff are advised to travel on main streets where other members of the public are present rather than side streets or alleyways.

When less number or single staff is on site after normal business hours, they are advised to lock the doors for security.

Any incidents or student welfare issues are recorded on the critical incident record and a critical issue report is compiled describing the issue, the people involved, action taken and follow-up required or planned. When the issue is closed, the report and record are stored in TEDI's files for a period of not less than two years from the conclusion of the student's enrolment or the staff member's tenure.

TEDI will provide staff and students access to information on general safety and security whilst on campus and advise them of the actions they can take to enhance their personal security and safety. Information is summarised during orientation of students and induction of staff. Information will be available on TEDI's website with links to other organisations that supply additional information.

Information provided to staff and students on seeking assistance for, and reporting an incident or a matter concerning their wellbeing is contained amongst the information provided in this handbook and

also during orientation. Information also includes general information relevant to safety awareness for general life in Australia.

TEDI and its staff may be trained and experience to manage minor incidents, such as basic first aid, minor harassment or minor risks discovered within the premises. However, TEDI is not equipped to manage major incidents and has a Support policy of requesting assistance from appropriate emergency services or specialists. Staff members are instructed to call in external assistance when they feel it is required. They do not need permission from senior management to engage external assistance.

Staff members are instructed through the Critical Incident policy that they are to never speak with the media about any issue or incident, unless instructed to by the TEDI's CEO and they are accompanied by the TEDI's legal representative.

TEDI POLICIES AND PROCEDURES

Students have access to all relevant administrative and academic policy and procedures. They are published on our website www.tedi.vic.edu.au and can be made available from the Student Administration or reception.
