Enrolment Information

This Students Prospectus has been developed to provide prospective students with important information which will allow them to make an informed decision about their future study plans. It contains information about the courses we offer, the location where these courses will be delivered, duration of the courses including holiday breaks, the modes of delivery, fees and costs, admission procedures at TEDI, training arrangements and other vital information. It also provides different processes and procedures which will help you understand more about your rights and responsibilities as a prospective or current student at TEDI.

Students must read this Prospectus carefully in full along with the student handbook (for detailed information) before making an application. Students are encouraged to contact TEDI and talk to one of our friendly, informed staff members if they are unsure about any information included in this prospectus or have any questions.

Students must complete the student's application form and Pre-Training Review form (provided with the application form) and send the completed forms along with all the relevant documents and the Application fee to TEDI. You can also submit your application through one of our authorised agents. A list of approved agents can be found on our website www.tedi.vic.edu.au.

TEDI will assess student's needs by conducting Pre-Training Review (PTR). PTR will be conducted prior to the enrolment to review student's current competencies, student needs, English level, and support requirements including their oral communication skills, in order to enrol them in the most appropriate course to achieve their intended outcomes.

Applicants are required to fill up the PTR form along with the application form and answer all the questions in a true and correct manner. Any competencies previously acquired will be identified during PTR and the most appropriate qualification for that student to enrol in will be ascertained, including consideration of the likely job outcomes from the development of new competencies and skills (Recognition of Prior Learning (RPL) or Credit Transfer). One of our staff will conduct a PTR call to verify the answers provided by the students. TEDI may also verify evidence provided by you of your IELTS/equivalent test score and secondary school certificate.

TEDI will issue Letter of Offer to successful applicants after all the documents have been verified. The offer letter will include all detailed instructions and conditions for accepting the student agreement. You must carefully read and sign the written agreement, pay the fee requested in the student's written agreement and send it to TEDI. TEDI will not accept any course fees without a student's written agreement.

Students undertaking the course must possess Numeracy skills since it requires them to do calculations or any other course related work. To determine this, all students wanting to study at TEDI are required to undertake LLN Test prior to the commencement of the course. Based on the test outcome, students may be identified as requiring internal support and/or external support.

LLN test will be conducted on campus by using an ACSF mapped online LLN assessment tool - LLN Robot-under the supervision of qualified LLN assessor.

Students for each course will be selected in a manner that reflects TEDI's access and equity principles. Completion of the student's application form does not imply that TEDI will make an offer to you. You will also be notified if you do not meet the entry requirements.

Once the completed written students' agreement and the fee is received (and cleared by the bank) TEDI will issue a Confirmation of Enrolment (COE) with a condition that you must take LLN test before the course commencement. This will allow you to apply for your Australian student's visa.

TRAINING AND ASSESSMENT

Competency based training and assessment

In vocational education and training, people are competent when they are able to apply their knowledge and skills to successfully complete work activities in a range of situations and environments, to the standard of performance expected in the workplace. Classroom assessment, case studies, practical demonstration, project, reports, presentations, roles plays and knowledge test are adopted by TEDI and assessment practices aims to make sure that the individuals participating in the training and assessment has the competence to undertake their work role to the standard expected in the relevant workplace.

Those being assessed are often referred to as learners or students. The method and timing of assessment will vary depending upon the assessor, the student and the competency being assessed. In specific cases, where student support and special needs are identified, the method and timing of assessment can be adjusted. However, the requirements of the unit of competency including requirements of knowledge evidence and performance evidence will remain unchanged. The adjustment will be applied to evidence gathering techniques and due dates of assessment without changing training package requirements and unit outcome requirements.

TEDI ensures that all the assessments are valid, fair, reliable, authentic, and flexible. Refer to student handbook or TEDI's Assessment policy for more information available on from the reception.

For any additional queries, contact TEDI on 03 9043 3926.

Assessment Outcome

Each unit of competency includes multiple assessment tasks and after each assessment, the student's submission will be marked Satisfactory (S) or not satisfactory (NS). After each assessment, verbal and written feedback is provided. Final unit results are recorded as Competent (C) and Not Yet Competent (NYC).

Assessment Appeals

If students are dissatisfied with an assessment outcome, they can appeal the assessment decision. In the first instance, students are encouraged to appeal informally by contacting the trainer/assessor and discussing the matter with them. If students are dissatisfied with

the outcome of such discussion, students can appeal further to Administration Officer. If students are still dissatisfied, students can appeal formally in writing to have the result reviewed. An application for credit transfer must be lodged in writing. Application form and more information about credit transfers (Credit transfer and RPL policy) are available on our website (www.tedi.vic.edu.au) or can be obtained from TEDI's reception. This may involve providing copies of your resume and/or work performance appraisals, job descriptions and any certificates of in-house or formal training. You may be asked for contact details of people who can vouch for your skill level such as supervisors from current or previous workplaces, clients or personal character references from the community. If the evidence provided is relevant to the course that student is interested in or has applied for; TEDI will access the application and will determine whether the student is a suitable applicant.

An application for RPL must be lodged in writing. RPL application form can be obtained from the website or from TEDI's reception. Pathways to Higher Education

Graduates of TEDI may seek credits to the relevant degree programs in Australian universities. TEDI has no special arrangements with any Australian

university and there is no guaranteed entry into university programs.

Reasonable Adjustment

Students have different needs and often training needs to be adjusted to meet individual student's needs. Adjustments can be made to assessment process, resources, facilities, delivery style and structure of training sessions.

By definition: 'Reasonable adjustment refers to measures or actions taken to provide a student with a disability or special needs, the same educational opportunities as everyone else. To be reasonable, adjustments must be appropriate for that person, must not create undue hardship for the institute and must be allowable within rules defined by the training package.'

Unique Student Identifier (USI)

The Unique Student Identifier (USI) is a mandatory requirement for anyone wishing to complete Nationally Recognised VET qualification as of 1 January 2015. Each time a student completes nationally recognised training; the RTO collects and verifies their USI before they can issue a qualification or statement of attainment. In addition, TEDI is required to include student's USI in the data submitted to NCVER.

All students undertaking vocational education and training must hold a Unique Student Identifier (USI) and provide it to TEDI during enrolment process. If students do not provide USI, TEDI will not be able to issue a Certificate, Statement of Attainment or Transcript for the training. For details on USI, visit www.usi.gov.au. TEDI Student Services staff can assist you to obtain your USI on request.

Studying at TEDI

A number of approaches to course delivery are used by TEDI's staff. Course delivery approaches include supervised study, case studies, tutorials, trainer led classroom delivery, practical activities like role play and presentations.

During class time, students will be expected to participate by answering questions, giving opinions, giving assessments in the form of projects, assignments, demonstrating tasks, working with others in groups, making presentations, participate in role-play scenarios.

The duration of the course specified in the course information includes only formal training. Students are required to dedicate a minimum of 20 hours per week towards their study. This includes but is not limited to self-paced learning (not included in the minimum 20 hours per week), class attendance, research, learning activities and assessment activities.

Course Assessments

TEDI uses several methods of assessment to measure students' competency. Assessment methods used for this course are case studies, projects, reports, presentations, role plays and knowledge test.

Plagiarism

Acts of plagiarism, collusion and/or cheating are not permitted in any work completed for assessment. Students found to be involved in cheating, plagiarism and/or collusion will be required to repeat the unit and will be given a written warning. Any charges associated with the re-assessment will be payable by the student. If a student is caught engaging in these acts a second time, they may be suspended or expelled from TEDI. All work submitted must demonstrate competence in the unit of study. Information on Plagiarism, cheating and collusion is defined clearly in TEDI's student handbook. More detailed information can be found on Plagiarism and cheating Policy available on TEDI's website and/or at the reception.

Our Obligation to You

TEDI is responsible for the quality of the training and assessment in compliance with the Standards for Registered Training Organisations 2015, and for the issuance of the AQF certification documentation. This means that the institute is obligated to deliver and assess students in accordance with the course requirements and to issue appropriate credentials to students who have met the assessment requirements and have been assessed as competent in the units of competency.

Transfer Between Registered Providers

The National Code 2018 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course. TEDI will not actively recruit a student where this clearly conflicts with obligations under standard 7 of the National Code 2018 (Overseas student transfers).

TEDI will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to them.

If students wish to apply for a transfer, they will need to

apply at the institute for a release. There is no cost attached to apply for a release; however, students will be required to contact the Department of Home Affairs to seek advice on whether a new visa is required.

All applications will be assessed on the basis of the TEDI's Policy, conditions of Enrolment, Fee Payment and Refund Policy, study plan and declaration submitted by the student in their application.

Documented evidence supporting circumstances/reasons for seeking release must be included with the application or email submitted. Please refer to the TEDI's transfer between provider's policy available on website www.tedi.vic.edu.au for more details on conditions where transfer may or may not be provided.

Deferral, Suspension and Cancellation

Students may initiate a request to defer commencement of studies or suspend their studies on the grounds of compassionate or compelling circumstances. Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to the institute. Reasons for suspending your enrolment are limited to extenuating circumstances such as:

- Personal illness (e.g. you are going into hospital)
- Bereavement (death of an immediate member of family)
- Serious illness of an immediate member of family.

If you know that you will not be attending classes during the study period, you must contact TEDI and arrange an appointment to discuss your circumstances. Subsequent to your meeting and after providing documented evidence, supporting circumstances/reasons for seeking suspension or cancellation of enrolment, you will be required to formally apply for the deferral or suspension.

TEDI may decide to suspend or cancel a student's enrolment on its own initiative as a response to misbehaviour by the student. Deferral of commencement, suspension of enrolment and cancellation of enrolment has to be reported to the Department of Home Affairs through the PRISMS by the institute and this may affect the status of a student visa.

Please refer to TEDI's Deferral, Suspension and Cancellation Policy for more details available on TEDI's website.

Student Obligations

Overseas Student Health Cover

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals. The OSHC premium cover must be paid before a student visa is issued. Technical Education Development Institute can assist you in organising an OSHC cover for you if you wish. Contact our Student Services. You can find out more about OSHC at <https://www.privatehealth.gov.au/health insurance/overseas/overseas student health cover.htm>

Full Time Study

Overseas students are required to be enrolled in a full-time registered course to undertake study. Australian law requires international students to study a full-time study load. A full-time study load is normally a minimum of 20 scheduled course contact hours per week.

Academic Course Progress

Students at TEDI are required to regularly attend classes and achieve satisfactory course progress.

If students do not make satisfactory academic progress, they may be reported to the Department of Home Affairs which may affect their visa status.

Unsatisfactory course progress is defined as not successfully completing or demonstrating competency in at least 50% of the units in that study period.

A failure of units in any study period will trigger a review of academic progress by the institute and the implementation of an intervention strategy. Failing a unit means being assessed as 'Not Yet Competent (NYC)' for a completed unit after one or more opportunities for re-assessment has been provided or a result appeal process has been undertaken. In order to have the best chance of maintaining satisfactory progress you must:

- Attend all theory and practical classes and pay attention to the work and activities undertaken in class;
- Study the theory and practice the skills that are taught in class and practical lab (for electronic courses only);
- Ensure that you are present for all assessment activities scheduled by the trainers;
- Make an appointment with the Student Support Officer or Administration Officer if you are having any difficulties with your studies.

In addition to the above minimum requirement, the institute will implement counselling procedures and an

intervention strategy when you think you may be in danger of not meeting the requirements.

Counselling and intervention strategy may be triggered by any of the following events (including but not limited to):

- Failing any units in a study period
- Not attending compulsory classes

If students fail to meet the requirements of satisfactory course progress for two consecutive study periods, they will be reported to the Department of Home Affairs via PRISMS.

Please refer to the Attendance and course progress policy available on TEDI's website and/or student administration for more details on Intervention strategy, academic progress, extension of course duration etc.

Attendance Requirements

TEDI gives strong emphasis on attendance requirements. TEDI records and monitors attendance on regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. TEDI will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Students must maintain satisfactory attendance (i.e. minimum 80% of attendance) throughout the course. Low attendance implies that students might not be able to complete their course on time and this will lead to students breaching their visa conditions. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress. TEDI is required to report the students on the basis of unsatisfactory course progress to the department of Home Affairs (DHA).

Note: Students will not be reported on the basis of attendance. However, Low attendance may lead to unsatisfactory course progress which can lead to you being reported to DHA.

As per the Attendance regulation set up by the Australian Skills Quality Authority, overseas students are required to be enrolled in a full-time registered course to undertake study. For VET courses, a full-time course is a minimum of 20 scheduled course contact hours per week, unless otherwise specified by ASQA. Students are required to participate in and attend the scheduled classes.

If an overseas student is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because they must already have the skills, knowledge and experience to progress in their course without receiving structured training.

In this case, TEDI may invite the student to apply for RPL and will reduce the duration of the course to the

minimum duration required given the student's existing skills and knowledge, while maintaining a minimum of 20 scheduled course contact hours per week.

Please refer to the Attendance and course progress policy available on TEDI's website and/or student administration for more details.

Intervention Strategy

TEDI ensures that it identifies, notifies and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. TEDI will provide support to students through intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Administration Officer or Student Support Officer and it may include one or more of the following strategies (but not limited to):

- attending counselling;
- English language support;
- reviewing learning materials with the student and providing information to students in a context that they can understand;
- providing extra time to complete tasks;
- Adjusting time tables
- providing access to supplementary or modified materials;
- providing supplementary exercises to assist understanding;
- receiving assistance with personal issues which are influencing progress;
- receiving mentoring;
- referral to external organisations where TEDI is unable to address the identified learning or academic issues;
- being placed in a suitable alternative subject within a course or a suitable alternative course; or
- a combination of the above and a reduction in course load.

Change of Address

Upon arriving in Australia, students are required to advise TEDI of their residential address and telephone number and of any subsequent changes to their residential address. It is extremely important that students notify the institute of a change of address as, under Section 20 of the ESOS Act 2000.

Students must notify TEDI of any change of their address and contact details within 7 days of change while enrolled at the institute including:

- the student's current residential address, mobile number (if any) and email address,
- Who to contact in emergency situations?

Additional information on student visa issues is available on the Department of Home Affairs web site at

Student Complaints and appeals procedure

The Institute has a student's Complaints and Appeals Policy and Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have. After completing TEDI's informal and formal complaints processes, a student dissatisfied with the outcome may launch an internal appeal. If dissatisfied with this outcome, the student may request mediation through the Commonwealth Ombudsman. Refer to TEDI's complaints and Appeal Policy for more details available on TEDI's website and in the student's handbook.

Commonwealth Ombudsman

Commonwealth Ombudsman investigates complaints about problems that international students have with private schools, colleges and universities (education providers) in Australia.

Commonwealth Ombudsman is a free and independent service (phone 1300 362 072). Please refer to student's handbook or Complaints and Appeals Policy available on TEDI's website. Alternatively, it can be obtained from the Administration department.

Refer to <https://www.ombudsman.gov.au/making-a-complaint/overseas-students>

ESOS Framework

The Australian Government wants overseas students to have a safe, enjoyable and rewarding place to study. Australian laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS Framework and includes the Education Services for Overseas Students Act (the ESOS Act), and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (the National Code 2018).

ESOS Act: The Education Services for Overseas Students Act 2000 (ESOS Act) sets out the legal framework governing delivery of education to international students in Australia on a student visa. It sets out the registration requirements and the ongoing standards for education providers that offer courses to overseas students.

The National Code is a legislative instrument made under the Education Services for Overseas Students Act 2000 (Cth) and sets nationally consistent standards to support providers to deliver quality education and training to overseas students.

For additional information on the ESOS Legislative Instruments please visit ESOS Legislative Instruments: <https://internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx>

Access and Equity

TEDI's Code of Practice includes an Access and Equity policy. It is the responsibility of all TEDI staff to ensure the requirements of the Access and Equity policy are met at all times. We are committed to ensuring that we offer training opportunities to all people on an equal and fair basis. This includes people with disabilities, people from non-English speaking backgrounds, Indigenous Australians, and rural and remote students. All Students have equal access to our courses irrespective of their gender, culture, linguistic

background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation or carer's responsibilities.

You can review the policy at TEDI's website.

Important Information

Working in Australia

Australian Immigration laws allow students to work for a limited number of hours whilst studying on a student visa in Australia. Students must not work for more than 40 hours a fortnight when student's course of study or training is in session. A fortnight means the period of 14 days commencing on a Monday.

School-aged dependents

Students must maintain adequate arrangements for the education of their school-age dependants who are in Australia for more than 3 months as a dependant on student's visa.

There are requirements for compulsory school attendance for dependents of international students. In Australia, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools and religious schools. People over the age of 16 can continue to attend school until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any school or university that they enrol in whilst in Australia.

students to enable them to achieve expected learning outcomes regardless of the overseas student's place of study or the mode of study of the course, at no additional cost to the overseas student. However, students might have to pay the fee charged by the external services. TEDI has sufficient student support personnel to meet the needs of the overseas students enrolled with TEDI. TEDI will maintain one student support officer for every 80 students (1:80 ratios) to ensure sufficient support is available for students. Every member of TEDI Staff will execute the procedural aspects of this policy with specific matters dealt by specialised personnel. Students can fill up a "Student Support Request Form" to mention the support they require in detail. This form is available on website www.tedi.vic.edu.au and is also available on campus. Disability Support

Australia has a law that protects individuals from discrimination in many areas of public life, including education. A person with disability has just as much right to study as any other student.

TEDI will apply reasonable adjustment for students with disability. However reasonable adjustment applied must not be detrimental for the students to achieve course outcomes. TEDI will apply reasonable adjustments to the level it can.

This means that the institute cannot and will not:

- Refuse admission on the basis of disability.
- Accept a student with a disability on less favourable terms than other students (for example, asking for higher fees).
- Deny or limit access to a student with disability (for example, not allowing access to excursions, or having inaccessible student common- rooms or lecture facilities).

Student Welfare Services

TEDI has a designated Student Support Officer to provide basic counselling services to all students. This service assists the students experiencing difficulties in any aspect of their lives, including issues of academic or personal nature. The student support officer is available to students to help them to access study support and welfare- related services such as;

- Legal Services – TEDI can refer the student who requires legal advice to Legal Aid Victoria (free of cost usually) or a legal practitioner, the referral is at no cost

to the student. Student will be responsible for any cost related to the legal advice charged by legal practitioner.

- Accommodation – Accommodation advice is available to all the international students from the point of application to the completion of their course. TEDI will provide up to date information on accommodation options and/or accommodation providers available for students, this advice will be provided free of charge. The

fees for external agencies will be at the cost of the student.

- Emergency and Health Services – During orientation, students will be advised regarding campus safety and how to access emergency and health services in Australia. For non-urgent services, students are encouraged to speak with the student services. For medical or other emergencies, students are instructed to contact the appropriate services, e.g. 000 and inform TEDI as soon as appropriate.

Students will be advised of their visa conditions relating to the course progress and or attendance as appropriate during the orientation so that students can continue to meet their visa conditions.

At TEDI, Intervention strategies are applied for students

who are facing difficulties in achieving satisfactory course progress or are unable to attend classes due to problems or issues they may have.

TEDI can also refer students to external counselling services for various issues if necessary, however, each issue is dealt on a case by case basis. There is no fee attached to seek advice on welfare support and referral service.
